

## Free University Brighton - Call for courses – 2022/23

New arrangements with the Albion Hub mean that we have a new base of operations for face-to-face classes – in their community space on the ground floor of the Thornsedale tower block - with slots for classes on Mon/Tues/Wed evenings and Saturday mornings. The address is Albion Hill, Brighton BN2 2NN.

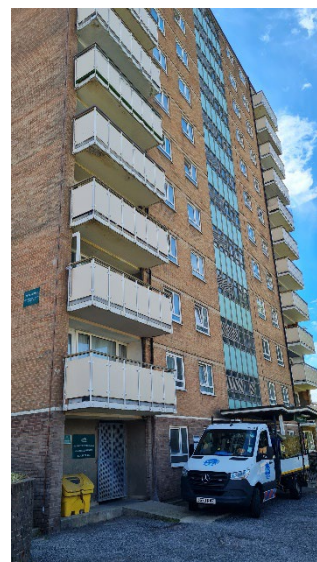

Wed evenings will run a new First Year course throughout the year.

That means there are spaces on Mon / Tues evenings (7pm through to 9pm) and Saturday mornings.

We are also planning to run one other space on Saturdays at the Brighthelm Centre in Central Brighton.

In addition, we have an ongoing Zoom account and want to hold regular classes online. In total we have space for **FOUR** face to face classes and one online course per week.

*If you want to teach or facilitate a course, session or class then identify a slot, including how many weeks the course runs over, give a title and a short description and a contact name/number. You don't need to give a full course description. This information is to enable scheduling.*

Try to be as flexible as you can regarding slots. It's better to tell us what you cannot do than what you can, and then we will try and get as much to fit together as possible.

➔ **DEADLINE FOR COURSE CALL – 3<sup>RD</sup> SEPTEMBER.** ←

We will be producing the class schedule after that ready for the middle of September and an Open Day planned to be held at Thornsedale (17<sup>th</sup> September TBC)

Term Dates are as follows (so classes should be held within these dates if at all possible):

- Autumn Term: week beginning Oct 3<sup>rd</sup> – week beginning 12<sup>th</sup> Dec
- Spring Term: week beginning 9<sup>th</sup> Jan – week beginning 27<sup>th</sup> March
- Summer Term: week beginning 17<sup>th</sup> April – week beginning 3<sup>rd</sup> July
